

At the meeting held on the 20th of February 2015, the Festival Council of Pula Film Festival issued an interpretation of Article 41, point 1, of the Statute of the Pula Film Festival, in connection with the award of Grand Golden Arena for Best Film (received by the Producer).

The Festival Council has determined:

If the prize is awarded to a film or audio-visual work completed by an independent producer at the request of individual television broadcasters, the producer of such film is considered to be independent. In such cases, it is possible to assign a special award to the television broadcaster which commissioned the work.
